Maryland's American Job Center system, a proud partner of the American Job Center network, is an equal opportunity employer/program committed to diversity in the workplace. We do not discriminate on the basis of race, religion, color, sex, age, sexual orientation, national origin, or disability. Please contact a local American Job Center to make arrangements for auxiliary aids, interpreter services, and reasonable accommodations.

Revised 9.2018

NATIONAL EXTERNAL DIPLOMA PROGRAM®

The National External Diploma Program® (NEDP) provides a unique way for adults to earn a high school diploma. The program allows adults to demonstrate their high school level skills by applying their life experiences in real-life situations.

The NEDP awards a high school diploma to adults who have acquired many of their high school level abilities through work, family & community experiences. NEDP is not a traditional instructional program. Instead, it provides the opportunity for participants to demonstrate their skills and knowledge. The program structure is self-paced and offers considerable flexibility for busy adults. It encourages self-directed learning where parts of the program are completed at home and the other parts are completed in a series of meetings on site with a trained NEDP advisor and assessor.

Things you should know about the NEDP Program®:

- Participants who successfully complete the NEDP are awarded a Maryland High School Diploma issued by the Maryland Department of Labor, Licensing and Regulation and the Maryland State Board of Education.
- The program is flexible enough for working adults.
- There is no classroom instruction and no required courses.
- This is a web based program that requires basic computer skills such as microsoft applications.
- There is a fee associated with this program. Contact the program nearest you for details.
